PLACEMENT OUTCOME

Designation	Organization	Starting Salary	Cohort Rank (by salary)
Junior Executive — Front Office (FO)	Hamsa Hospital, Chennai	Rs. 18,000 / month	3rd of 30 (Tied)

Jayasree A secured the highest starting salary within the Hospital Administration / Front Office placement track of her batch, matched only by one peer (Yamuna K), and outperformed by only two peers who were placed in an unrelated Sales Trainee track at a jewellery retailer.

STRENGTHS & AREAS FOR IMPROVEMENT

✓ Key Strengths

- Ranked **#1 of 30** in overall assessment (221.5/265, 83.6%) — well above the class average of 71.1%.
- Perfect **10/10** scores in Creativity, Technical Skill, and Analytical Skill — no other skill-matrix score in the cohort averages above 7.5.
- Near-perfect Basic Computer score: 49/50 (98%) vs. class average of 81%.
- Full marks in MS Word Practical, MS Excel Practical, and Hospital Administration & Banking.
- High training attendance of 96.1% (49 of 51 days), reflecting strong discipline and reliability.
- Secured one of the highest starting placement salaries in the batch (Rs. 18,000).

△ Areas for Improvement

- Basic English (78%)** is her lowest-scoring subject relatively, suggesting scope to strengthen English language proficiency.
- MS Word Theory (80%)** trails her MS Word Practical (100%) — conceptual/theory grounding could be reinforced.
- Typing speed (22 WPM)** is close to the class average (21.4 WPM) and below top peers (up to 36 WPM) — relevant for front-office data-entry speed.
- Leadership Skill (7/10)** is her lowest score on the skill matrix relative to her three perfect 10s — the clearest next growth area.

AI-Generated Career Fit Report

Recommended role, based purely on the assessment scores, skill matrix, and other-skills data recorded for Jayasree A:

Hospital Front Office / Guest Relations Executive

WHY THIS ROLE FITS

- **Domain background:** Her M.Sc Bio-Technology qualification gives her a strong scientific and healthcare-domain foundation, well suited to a hospital administration setting.
- **Technical & analytical readiness:** Perfect 10/10 scores in both Technical Skill and Analytical Skill indicate she can confidently operate hospital administration software, manage billing/scheduling systems, and resolve day-to-day operational issues at the front desk.
- **Patient/visitor-facing communication:** A strong Communication Skill score (8/10), combined with her recorded ability to communicate in both English and Hindi, directly supports the multilingual, visitor-facing demands of a front-office role.
- **Creative problem-solving:** A perfect Creativity score (10/10) supports handling varied, real-time patient-service situations that don't always follow a fixed script.
- **Operational skill match:** Full marks in MS Word Practical (25/25), MS Excel Practical (25/25), and Hospital Administration & Banking (25/25), plus a near-perfect Basic Computer score (49/50), map directly onto the documentation, billing, and scheduling tasks a Front Office Executive performs daily.
- **Reliability:** 96.1% training attendance reflects the dependability expected in a shift-based, patient-facing role.
-

This recommendation independently aligns with her actual placement outcome — **Junior Executive, Front Office, at Hamsa Hospital, Chennai** — confirming from the data alone that this placement is a strong fit for her profile.

SKILL GAPS TO ADDRESS FOR THIS ROLE

- **English language proficiency** (currently 78% in Basic English) — targeted practice would improve ease of patient and visitor communication.
- **Typing/data-entry speed** (22 WPM, close to the class average of 21.4 WPM) — improving this would speed up billing and registration desk turnaround.
- **Leadership skill** (7/10, her lowest skill-matrix score) — development here would position her for a supervisory Front Office role in the future.
- **MS Word theoretical concepts** (80% vs. 100% practical) — reinforcing underlying theory would round out her already-strong practical proficiency.
